## SECTION ONE — INTRODUCTION

1. **Child Health Plus program.** This contract is being issued pursuant to a special New York State Department of Health (DOH) program designed to provide subsidized health insurance coverage for uninsured children in New York State. We will enroll you in the Child Health Plus program if you meet the eligibility requirements established by New York State, and you will be entitled to the health care services described in this contract. You and/or the responsible adult, as listed on the application, must report to us any change in status such as residency, income or other insurance that may make you ineligible for participation in Child Health Plus, within 60 days of the change.
2. **Health care through an HMO.** This contract provides coverage through an HMO. In an HMO, all care must be medically necessary and provided, arranged or authorized in advance by your Primary Care Physician (PCP). Except for emergency care, for certain obstetric and gynecological services, and for vision and dental services, there is no coverage for care you receive without the approval of your PCP. In addition, coverage is only provided for care rendered by a participating provider, except in an emergency or when your PCP refers you to a nonparticipating provider.

It is your responsibility to select a PCP from the list of PCPs when you enroll for this coverage. You may change your PCP by calling our Member Services department at 1-800-300-8181 (TTY 711). The PCP you have chosen is referred to as your PCP throughout this contract.

3. **Words we use.** Throughout this contract, Empire BlueCross BlueShield HealthPlus will be referred to as we, us or our. The words you, your or yours refer to you, the child to whom this contract is issued and who is named on the identification card.
4. **Definitions.** The following definitions apply to this contract:
  - A. **Contract** means this document. It forms the legal agreement between you and us. Keep this contract with your important papers so that it is available for your reference.
  - B. **Emergency condition** means a medical or behavioral condition with symptoms of sufficient severity, including severe pain, which a prudent layperson, possessing an average knowledge of medicine and health, could reasonably expect the absence of immediate medical attention to result in any of the following:
    - Placing the health of the person afflicted with such condition in serious jeopardy, or, in the case of a behavioral condition, placing the health of such person or others in serious jeopardy
    - Serious impairment of such person's bodily functions
    - Serious dysfunction of any bodily organ or part of such person
    - Serious disfigurement of such person
  - C. **Emergency services** mean those physician and outpatient hospital services necessary for treatment of an emergency condition.
  - D. **Hospital** means a facility defined in Article 28 of the Public Health law which:
    - Is primarily engaged in providing, by or under the continuous supervision of physicians, to inpatients, diagnostic services and therapeutic services for diagnosis, treatment and care of injured or sick persons

    - Has a requirement that every patient must be under the care of a physician or dentist

- Provides 24-hour nursing service by or under the supervision of a registered professional nurse (R.N.)

  - Is duly licensed by the agency responsible for licensing such hospitals
  - Is not, other than incidentally, a place of rest, a place primarily for the treatment of tuberculosis, a place for the aged, a place for drug addicts or alcoholics or a place for convalescent, custodial, education or rehabilitary care
- E. **Medically necessary** means those health services that are determined by the member's PCP or his or her designee to be essential to the health of the member in accordance with professional standards accepted in such physician's medical community. In the event of a disagreement as to the medical necessity of a particular health care service, the medical director shall make the final determination of whether it is medically necessary, subject to the Empire complaint procedures and compliance with the Child Health Plus Contract.

## SECTION TEN — ADDITIONAL INFORMATION ON HOW

## THIS PLAN WORKS

1. **When a specialist can be your PCP.** If you have a life-threatening condition or disease or a degenerative and disabling condition or disease, you may ask that a specialist who is a participating provider be your PCP. We will consult with the specialist and your PCP and decide whether it would be appropriate for the specialist to serve in this capacity.
2. **Standing referral to a network specialist.** If you need ongoing specialty care, you may receive a standing referral to a specialist who is a participating provider. This means that you will not need to obtain a new referral from your PCP every time you need to see that specialist. We will consult with the specialist and your PCP and decide whether a standing referral would be appropriate in your situation.
3. **Standing referral to a specialty care center.** If you have a life-threatening condition or disease or a degenerative and disabling condition or disease, you may request a standing referral to a specialty care center that is a participating provider. We will consult with your PCP, your specialist and the specialty care center to decide whether such a referral is appropriate.
4. **When your provider leaves the network.** If you are undergoing a course of treatment when your provider leaves our network, then you may be able to continue to receive care from the former participating provider, in certain instances, for up to 90 days after the provider's contract ends. If you are pregnant and in your second trimester, you may be able to continue care with the former provider through delivery and postpartum care directly related to the delivery.

However, in order for you to continue care for up to 90 days or through a pregnancy with a former participating provider, the provider must agree to accept our payment and to adhere to our procedures and policies, including those for assuring quality of care.

5. **When new members are in a course of treatment.** If you are in a course of treatment with a nonparticipating provider when you enroll with us, you may be able to receive care from the nonparticipating provider for up to 60 days from the date you become covered under this Contract. The course of treatment must be for a life-threatening disease or condition or a degenerative and disabling condition or disease. You may also continue care with a nonparticipating provider if you are in the second trimester of a pregnancy when you become covered under this Contract.

You may continue care through delivery and any postpartum services directly related to the delivery.

However, in order for you to continue care for up to 60 days or through pregnancy, the nonparticipating provider must agree to accept our payment and to adhere to our policies and procedures including those for assuring quality of care.

## **SECTION SIXTEEN — EXTERNAL APPEAL**

### **External Appeals**

#### **1. Your right to an external appeal**

Under certain circumstances, you have a right to an external appeal of a denial of coverage. Specifically, if the Plan has denied coverage on the basis that the service is not medically necessary or is an experimental or investigational treatment, you or your representative may appeal that decision to an External Appeal Agent, an independent entity certified by the State to conduct such appeals.

#### **2. Your right to appeal a determination that a service is not medically necessary**

If the Plan has denied coverage on the basis that the service is not medically necessary, you may appeal to an External Appeal Agent if you satisfy the following two (2) criteria:

- The service, procedure or treatment must otherwise be a Covered Service under the Subscriber Contract; and
- You must have received a final adverse determination through the Plan's internal appeal process and the Plan must have upheld the denial or you and the Plan must agree in writing to waive any internal appeal.
- 

#### **3. Your right to appeal a determination that a service is experimental or investigational**

If you have been denied coverage on the basis that the service is an experimental or investigational treatment, you must satisfy the following two (2) criteria:

- The service must otherwise be a Covered Service under this Subscriber Contract; and
- You must have received a final adverse determination through the Plan's internal appeal process and the Plan must have upheld the denial or you and the Plan must agree in writing to waive any internal appeal.

In addition, your attending physician must certify that you have a life-threatening or disabling condition or disease. A "life-threatening condition or disease" is one which, according to the current diagnosis of your attending physician, has a high probability of death. A "disabling condition or disease" is any medically determinable physical or mental impairment that can be expected to result in death, or that has lasted or can be expected to last for a continuous period of not less than twelve (12) months, which renders you unable to engage in any substantial gainful activities. In the case of a child under the age of eighteen, a "disabling condition or disease" is any medically determinable physical or mental impairment of comparable severity.

Your attending physician must also certify that your life-threatening or disabling condition or disease is one for which standard health services are ineffective or medically inappropriate or one for which there does not exist a more beneficial standard service or procedure covered by the Plan or one for which there exists a clinical trial (as defined by law).

In addition, your attending physician must have recommended one of the following:

- A service, procedure or treatment that two (2) documents from available medical and scientific evidence indicate is likely to be more beneficial to you than any standard Covered Service (only certain documents will be considered in support of this recommendation – your attending

physician should contact the State in order to obtain current information as to what documents will be considered acceptable); or

- A clinical trial for which you are eligible (only certain clinical trials can be considered).

For the purposes of this section, your attending physician must be a licensed, board-certified or board-eligible physician qualified to practice in the area appropriate to treat your life-threatening or disabling condition or disease.

#### **4. The external appeal process**

If, through the Plan's internal appeal process, you have received a final adverse determination upholding a denial of coverage on the basis that the service is not medically necessary or is an experimental or investigational treatment, you have four months from receipt of such notice to file a written request for an external appeal. If you and the Plan have agreed in writing to waive any internal appeal, you have four months from receipt of such waiver to file a written request for an external appeal. The Plan will provide an external appeal application with the final adverse determination issued through the Plan's internal appeal process or its written waiver of an internal appeal.

You may also request an external appeal application from New York State at 1-800-400-8882. Submit the completed application to the State Department of Insurance at the address indicated on the application. If you satisfy the criteria for an external appeal, the State will forward the request to a certified External Appeal Agent.

You will have the opportunity to submit additional documentation with your request. If the External Appeal Agent determines that the information you submit represents a material change from the information on which the Plan based its denial, the External Appeal Agent will share this information with the Plan in order for it to exercise its right to reconsider its decision. If the Plan chooses to exercise this right, the Plan will have three (3) business days to amend or confirm its decision. Please note that in the case of an expedited appeal (described below), the Plan does not have a right to reconsider its decision.

In general, the External Appeal Agent must make a decision within 30 days of receipt of your completed application. The External Appeal Agent may request additional information from you, your physician or the Plan. If the External Appeal Agent requests additional information, it will have five (5) additional business days to make its decision. The External Appeal Agent must notify you in writing of its decision within two (2) business days.

If your attending physician certifies that a delay in providing the service that has been denied poses an imminent or serious threat to your health, you may request an expedited external appeal. In that case, the External Appeal Agent must make a decision within three (3) days of receipt of your completed application. The External Appeal Agent must try to notify you and the Plan by telephone or facsimile immediately after reaching a decision.

If the External Appeal Agent overturns the Plan’s decision that a service is not medically necessary or approves coverage of an experimental or investigational treatment, the Plan will provide coverage subject to the other terms and conditions of this Subscriber Contract. Please note that if the External Appeal Agent approves coverage of an experimental or investigational treatment that is part of a clinical trial, the Plan will only cover the costs of services required to provide treatment to you according to the design of the trial. The Plan shall not be responsible for the costs of investigational drugs or devices, the costs of non-health care services, the costs of managing research, or costs which would not be covered under this Subscriber Contract for non-experimental or non-investigational treatments provided in such clinical trial.

The External Appeal Agent’s decision is binding on both you and the Plan. The External Appeal Agent’s decision is admissible in any court proceeding.

## **5. Your responsibilities**

**It is your responsibility to initiate the external appeal process.** You may initiate the external appeal process by filing a completed application with the New York State Department of Financial Services. You may appoint a representative to assist you with your external appeal request; however, the Department of Financial Services may contact you and request that you confirm in writing that you have appointed such representative.

**Under New York State law, your completed request for appeal must be filed within four months of either the date upon which you receive written notification from the plan that it has upheld a denial of coverage, or the date upon which you receive a written waiver of any internal appeal, or the failure of the plan to adhere to claim processing requirements. The plan has no authority to grant an extension of this deadline.**

### **Covered Services and Exclusions**

In general, we don’t cover experimental or investigational treatments; however, we shall cover an experimental or investigational treatment approved by an external appeal agent in accordance with Section of this Subscriber Contract. If the external appeal agent approves coverage of an experimental or investigational treatment that is part of a clinical trial, we will only cover the costs of services required to provide treatment to you according to the design of the trial. We shall not be responsible for the costs of investigational drugs or devices, the costs of non-health care services, the costs of managing research, or costs which would not be covered under this Subscriber Contract for nonexperimental or noninvestigational treatments provided in such clinical trial.

## **SECTION SEVENTEEN — UTILIZATION REVIEW**

### **1. Utilization Review.**

We review health services to determine whether the services are or were Medically Necessary or experimental or investigational (“Medically Necessary”). This process is called Utilization Review. and same or similar specialty as the Provider who typically manages Your medical condition or disease or provides the health care service under review; or 3) with respect to substance use disorder treatment, effective on the date of issuance or renewal of the Contract; on or after April 1, 2015, licensed Physicians or licensed, certified, registered or credentialed Health Care Professionals who specialize in behavioral health and have experience in the delivery of substance use disorder courses of treatment. We do not compensate or provide financial incentives to Our employees or reviewers for determining that services are not Medically Necessary. Written notice will be provided within three (3) business days of receipt of the request. If We need additional information, We will request it within 24 hours. ## 3. **Concurrent Reviews.**

- A. Utilization review decisions for services during the course of care (concurrent reviews) will be made, and notice provided to You (or Your designee) and Your Provider, by telephone and in writing, within one (1) business day of receipt of all necessary information. If We need additional information, We will request it within one (1) business day. You or Your Provider will then have 45 calendar days to submit the information. - B. **Urgent Concurrent Reviews.** For concurrent reviews that involve an extension of urgent care, if the request for coverage is made at least 24 hours prior to the expiration of a previously approved treatment, We will make a determination and provide notice to You (or Your designee) by telephone within 24 hours of receipt of the request. Written notice will be provided within one (1) business day of receipt of the request.

If the request for coverage is not made at least 24 hours prior to the expiration of a previously approved treatment and We have all the information necessary to make a determination, We will make a determination and provide written notice to You (or Your designee) within the earlier of 72 hours or one (1) business day of receipt of the request. - C. **Home Health Care Reviews.** After receiving a request for coverage of home care services following an inpatient Hospital admission, We will make a determination and provide notice to You (or Your designee), by telephone and in writing, within one (1) business day of receipt of the necessary information. If the day following the request falls on a weekend or holiday, We will make a determination and provide notice to You (or Your designee) and Your Provider within 72 hours of receipt of the necessary information. When We receive a request for home care services and all necessary information prior to Your discharge from an inpatient hospital admission, We will not deny coverage for home care services while Our decision on the request is pending.
- D. **Inpatient Substance Use Disorder Treatment Reviews.** Effective on the date of issuance or renewal of this Contract on or after April 1, 2015, if a request for inpatient substance use disorder treatment is submitted to Us at least 24 hours prior to discharge from an inpatient substance use disorder treatment admission, We will make a determination within 24 hours of receipt of the request and We will provide coverage for the inpatient substance use disorder treatment while Our determination is pending.

4. **Retrospective Reviews.**

If We have all information necessary to make a determination regarding a retrospective claim, We will make a determination and notify You and Your Provider within 30 calendar days of the receipt of the request. If We need additional information, We will request it within 30 calendar days. You or Your Provider will then have 45 calendar days to provide the information. We will make a determination and provide notice to You and Your Provider in writing within 15 calendar days of the earlier of Our receipt of the information or the end of the 45-day period.

Once We have all the information to make a decision, Our failure to make a Utilization Review determination within the applicable time frames set forth above will be deemed an adverse determination subject to an internal Appeal.

5. **Retrospective Review of Preauthorized Services.**

We may only reverse a preauthorized treatment, service or procedure on retrospective review when:

- The relevant medical information presented to Us upon retrospective review is materially different from the information presented during the Preauthorization review;
- The relevant medical information presented to Us upon retrospective review existed at the time of the Preauthorization but was withheld or not made available to Us;
- We were not aware of the existence of such information at the time of the Preauthorization review; and

- Had We been aware of such information, the treatment, service or procedure being requested would not have been authorized. The determination is made using the same specific standards, criteria or procedures as used during the Preauthorization review.

6. **Reconsideration.**

If We did not attempt to consult with Your Provider before making an adverse determination, Your Provider may request reconsideration by the same clinical peer reviewer who made the adverse determination. For Preauthorization and concurrent reviews, the reconsideration will take place within one (1) business day of the request for reconsideration. If the adverse determination is upheld, a notice of adverse determination will be given to You and Your Provider, by telephone and in writing.

7. **Utilization Review Internal Appeals.**

You, Your designee, and, in retrospective review cases, Your Provider, may request an internal Appeal of an adverse determination, either by phone, in person or in writing.

You have up to 180 calendar days after You receive notice of the adverse determination to file an Appeal. We will acknowledge Your request for an internal Appeal within 15 calendar days of receipt. This acknowledgment will inform You of any additional information needed before a decision can be made. A clinical peer reviewer who is a Physician or a Health Care Professional in the same or similar specialty as the Provider who typically manages the disease or condition at issue and who is not subordinate to the clinical peer reviewer who made the initial adverse determination will perform the Appeal.

- A. **Out-of-Network Service Denial.** Effective on the date of issuance or renewal of this Contract; on or after April 1, 2015, You also have the right to Appeal the denial of a Preauthorization request for an out-of-network health service when We determine that the out-of-network health service is not materially different from an available in-network health service. A denial of an out-of-network health service is a service provided by a Non-Participating Provider, but only when the service is not available from a Participating Provider. You are not eligible for a Utilization Review Appeal if the service You request is available from a Participating Provider, even if the Non-Participating Provider has more experience in diagnosing or treating Your condition. (Such an Appeal will be treated as a Grievance.) For a Utilization Review Appeal of denial of an out-of-network health service, You or Your designee must submit:
- A written statement from Your attending Physician, who must be a licensed, board-certified or board-eligible Physician qualified to practice in the specialty area of practice appropriate to treat Your condition, that the requested out-of-network health service is materially different from the alternate health service available from a Participating Provider that We approved to treat Your condition; and
  - Two (2) documents from the available medical and scientific evidence that the out-of-network service: 1) is likely to be more clinically beneficial to You than the alternate in-network service; and 2) that the adverse risk of the out-of-network service would likely not be substantially increased over the in-network health service.
- B. **Out-of-Network Referral Denial.** Effective on the date of issuance or renewal of this Contract on or after April 1, 2015, You also have the right to Appeal the denial of a request for an authorization to a Non-Participating Provider when We determine that We have a Participating Provider with the appropriate training and experience to meet Your particular health care needs who is able to provide the requested health care service. For a Utilization Review Appeal of an

out-of-network referral denial, You or Your designee must submit a written statement from Your attending Physician, who must be a licensed, board-certified or board-eligible Physician qualified to practice in the specialty area of practice appropriate to treat Your condition:

- That the Participating Provider recommended by Us does not have the appropriate training and experience to meet Your particular health care needs for the health care service; and
- Recommending a Non-Participating Provider with the appropriate training and experience to meet Your particular health care needs who is able to provide the requested health care service.

## 8. **Standard Appeal.**

- A. **Preauthorization Appeal.** If Your Appeal relates to a Preauthorization request, We will decide the Appeal within 30 calendar days of receipt of the Appeal request. Written notice of the determination will be provided to You (or Your designee), and where appropriate, Your Provider, within two (2) business days after the determination is made.
- B. **Retrospective Appeal.** If Your Appeal relates to a retrospective claim, We will decide the Appeal within 30 calendar days of receipt of the Appeal request. Written notice of the determination will be provided to You (or Your designee), and where appropriate, Your Provider, within two (2) business days after the determination is made.
- C. **Expedited Appeal.** An appeal of a review of continued or extended health care services, additional services rendered in the course of continued treatment, home health care services following discharge from an inpatient Hospital admission, services in which a Provider requests an immediate review, or any other urgent matter will be handled on an expedited basis. An expedited Appeal is not available for retrospective reviews. For an expedited Appeal, Your Provider will have reasonable access to the clinical peer reviewer assigned to the Appeal within one (1) business day of receipt of the request for an Appeal. Your Provider and a clinical peer reviewer may exchange information by telephone or fax. An expedited Appeal will be determined within the earlier of 72 hours of receipt of the Appeal or two (2) business days of receipt of the information necessary to conduct the Appeal.

If You are not satisfied with the resolution of Your expedited Appeal, You may file a standard internal Appeal or an external appeal.

Our failure to render a determination of Your Appeal within 60 calendar days of receipt of the necessary information for a standard Appeal or within two (2) business days of receipt of the necessary information for an expedited Appeal will be deemed a reversal of the initial adverse determination.

- D. **Substance Use Appeal.** Effective on the date of issuance or renewal of this Contract; on or after April 1, 2015, if We deny a request for inpatient substance use disorder treatment that was submitted at least 24 hours prior to discharge from an inpatient admission, and You or Your Provider file an expedited internal Appeal of Our adverse determination, We will decide the Appeal within 24 hours of receipt of the Appeal request. If You or Your Provider file the expedited internal Appeal and an expedited external appeal within 24 hours of receipt of Our adverse determination, We will also provide coverage for the inpatient substance use disorder treatment while a determination on the internal Appeal and external Appeal is pending.

# HIPAA Notice of Privacy Practices

**THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION WITH REGARD TO YOUR HEALTH BENEFITS. PLEASE REVIEW IT CAREFULLY.**

## HIPAA Notice of Privacy Practices

The original effective date of this notice was April 14, 2003. The most recent revision date is shown at the end of this notice.

**Please read this notice carefully. This tells you who can see your protected health information (PHI). It tells you when we have to ask for your OK before we share it. It tells you when we can share it without your OK. It also tells you what rights you have to see and change your information.**

Information about your health and money is private. The law says we must keep this kind of information, called PHI, safe for our members. That means if you're a member right now or if you used to be, your information is safe.

We get information about you from state agencies for Medicaid, the Essential Plan, and the Children's Health Insurance Program after you become eligible and sign up for our health plan. We also get it from your doctors, clinics, labs and hospitals so we can OK and pay for your health care.

Federal law says we must tell you what the law says we have to do to protect PHI that's told to us, in writing or saved on a computer. We also have to tell you how we keep it safe. To protect PHI:

- On paper (called physical), we:
  - Lock our offices and files
  - Destroy paper with health information so others can't get it
- Saved on a computer (called technical), we:
  - Use passwords so only the right people can get in
  - Use special programs to watch our systems
- Used or shared by people who work for us, doctors or the state, we:
  - Make rules for keeping information safe (called policies and procedures)
  - Teach people who work for us to follow the rules

### **When is it OK for us to use and share your PHI?**

We can share your PHI with your family or a person you choose who helps with or pays for your health care if you tell us it's OK. Sometimes, we can use and share it **without** your OK:

- **For your medical care**

Member Services Department: 1-800-300-8181 (TTY 711)  
Crisis Line: 1-800-300-8181

43

- To help doctors, hospitals and others get you the care you need
- **For payment, health care operations and treatment**
  - To share information with the doctors, clinics and others who bill us for your care
  - When we say we'll pay for health care or services before you get them
  - To find ways to make our programs better, as well as giving your PHI to health information exchanges for payment, health care operations and treatment. If you don't want this, please visit [www.empireblue.com/ny](http://www.empireblue.com/ny) for more information.
- **For health care business reasons**
  - To help with audits, fraud and abuse prevention programs, planning, and everyday work
  - To find ways to make our programs better
- **For public health reasons**
  - To help public health officials keep people from getting sick or hurt
- **With others who help with or pay for your care**
  - With your family or a person you choose who helps with or pays for your health care, if you tell us it's OK
  - With someone who helps with or pays for your health care, if you can't speak for yourself and it's best for you

We must get your OK in writing before we use or share your PHI for all but your care, payment, everyday business, research or other things listed below. We have to get your written OK before we share psychotherapy notes from your doctor about you.

You may tell us in writing that you want to take back your written OK. We can't take back what we used or shared when we had your OK. But we will stop using or sharing your PHI in the future.

**Other ways we can — or the law says we have to — use your PHI:**

- To help the police and other people who make sure others follow laws
- To report abuse and neglect
- To help the court when we're asked
- To answer legal documents
- To give information to health oversight agencies for things like audits or exams
- To help coroners, medical examiners or funeral directors find out your name and cause of death
- To help when you've asked to give your body parts to science
- For research
- To keep you or others from getting sick or badly hurt
- To help people who work for the government with certain jobs
- To give information to workers' compensation if you get sick or hurt at work

**What are your rights?**

- You can ask to look at your PHI and get a copy of it. We don't have your whole medical record, though. **If you want a copy of your whole medical record, ask your doctor or health clinic.**

Member Services Department: 1-800-300-8181 (TTY 711)  
Crisis Line: 1-800-300-8181

- You can ask us to change the medical record we have for you if you think something is wrong or missing.
- Sometimes, you can ask us not to share your PHI. But we don't have to agree to your request.
- You can ask us to send PHI to a different address than the one we have for you or in some other way. We can do this if sending it to the address we have for you may put you in danger.
- You can ask us to tell you all the times over the past six years we've shared your PHI with someone else. This won't list the times we've shared it because of health care, payment, everyday health care business or some other reasons we didn't list here.
- You can ask for a paper copy of this notice at any time, even if you asked for this one by email.
- If you pay the whole bill for a service, you can ask your doctor not to share the information about that service with us.

### **What do we have to do?**

- The law says we must keep your PHI private except as we've said in this notice.
- We must tell you what the law says we have to do about privacy.
- We must do what we say we'll do in this notice.
- We must send your PHI to some other address or in a way other than regular mail if you ask for reasons that make sense, like if you're in danger.
- We must tell you if we have to share your PHI after you've asked us not to.
- If state laws say we have to do more than what we've said here, we'll follow those laws.
- We have to let you know if we think your PHI has been breached.

### **We may contact you**

You agree that we, along with our affiliates and/or vendors, may call or text any phone numbers you give us, including a wireless phone number, using an automatic telephone dialing system and/or a pre-recorded message. Without limit, these calls or texts may be about treatment options, other health-related benefits and services, enrollment, payment, or billing.

### **What if you have questions?**

If you have questions about our privacy rules or want to use your rights, please call Member Services at 1-800-300-8181 (TTY 711).

### **What if you have a complaint?**

We're here to help. If you feel your PHI hasn't been kept safe, you may call Member Services or contact the Department of Health and Human Services. Nothing bad will happen to you if you complain.

**Write to or call the Department of Health and Human Services:**
